

CHROMOL

Stainless Steel Cleaner and Polisher

PROPERTIES

Chromol is a stainless steel cleaner and polisher. Maintains and protects stainless steel surfaces e.g. banisters, door handles, elevator doors, sides boards.

With its special maintenance oil forms a uniform protective film on the surface of the metal, which gives the treated surface a high shine and repels both dirt and water. Surfaces treated with **Chromol** are more easily cleaned afterwards. Fingermarks are no longer visible. **Chromol** guarantees a long lasting result.

USE DIRECTIONS

Spray **Chromol** onto dry clean cloth and wipe onto a dry surface. In case of heavily soiled surfaces, pre-cleaning with **Helios** may be necessary.

For emergency medical information call Ecolab: 001 1 651 222 5352

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment. For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.
