

RINSE DRY EXTRA

High-Performance Machine Rinse Aid

PROPERTIES

Rinse Dry Extra is a high-performance rinse additive and drying agent, formulated with multi-surfactant which promotes rapid sheeting and spot-free drying on all types of ware and utensils even plastics, melamine and stainless steel.

Rinse Dry Extra is specially designed for high hardness and/or high TDS areas, effectively prevents water hardness scale buildups on ware and in rinse jets. It contains no phosphorous, environment friendly.

USE DIRECTIONS

Your Ecolab specialist will install an appropriate dispenser and adjust it to automatically dispense the proper amount of product for your dishmachine and water conditions. The dilution rate will be applied with dispenser.

For emergency medical information call Ecolab: 001 1 651 222-5352

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment. For cautionary and first aid information, please refer to the Safety Data Sheet (SDS) or product label.
