

SUPER KLENE PLUS

Machine Warewashing Detergent

PROPERTIES

Super Klene Plus is a liquid automatic dishmachine detergent with high-alkaline formula that is effective in light, medium, and heavy soil conditions. It strips away heavy grease, protein, and starch food soils that ordinary detergents can miss.

In addition to its application in machine dishwashing, **Super Klene Plus** provides excellent results in machine warewashing applications. It removes food, soil, glassware haze, and even hard-to-remove lipstick stains.

USE DIRECTIONS

Super Klene Plus is automatically dispensed from Ecolab dispenser at ratio 1.37 - 4.0 ml **Super Klene Plus** per 1 liter of water and will be automatically injected into the wash cycle of ware washing machine.

Warewashing machine

1. Your Ecolab Specialist will install an appropriate dispenser and adjust it to automatically dispense the proper amount of product for your dish machine and water conditions.
2. When the **Super Klene Plus** container is empty, load a new container by removing the pick-up tube from the old container and placing it in the new container.

For emergency medical information call Ecolab: 001 1 651 222 5352

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment. For cautionary and first aid information, please refer to the Safety Data Sheet (SDS) or product label.
