

## TOPAX 66

### PRODUCT DESCRIPTION

**Topax 66** is a highly alkaline chlorinated liquid detergent with antimicrobial properties for foam cleaning the exterior of tanks, filling machines, conveyors, walls, floors and all types of equipment and surfaces in the food, meat, poultry, fruit processing, beverage and brewery industries.

### BENEFITS

#### Provides Rapid, Effective Cleaning and Antimicrobial Effect

- ▲ Enhanced detergency rapidly penetrates and lifts all types of soil deposits- even baked-on soils
- ▲ Surfactants emulsify greasy and fatty soils for rapid removal from surfaces
- ▲ The presence of sodium hypochlorite ensures rapid and thorough protein removal
- ▲ Antimicrobial properties to reduce the level of microorganisms on the cleaned surface

#### An Expertly Formulated Surfactant Mixture Provides Strong Foaming Properties

- ▲ Specially formulated for foam cleaning applications
- ▲ Excellent performance in manual cleaning applications

#### Saves Time, Labor, Water and Money

- ▲ Cleans fast and rinses off quickly, using less water
- ▲ Requires little or no scrubbing effort
- ▲ Protects and increases equipment life and promotes overall plant hygiene and sanitation
- ▲ Provides excellent use cost due to low use concentrations

#### Environmentally Responsible

- ▲ Contains no inorganic phosphorous
- ▲ Contains biodegradable components

### PROPERTIES

Appearance	: Clear, light yellow liquid
Odor	: Chlorine
pH (100%)	: 13.0 to 14.0
Solubility	: Soluble in water
Specific gravity	: 1.135 to 1.17
Boiling point	: > 100°C
Flash point	: Not applicable
Storage temperature	: Store between temperatures 0°C and 45°C

### DIRECTIONS FOR USE

1. Thoroughly rinse surfaces to be cleaned with warm 40-60°C 104-140°F water.
2. Apply a wet foam solution of 2-5% w/v (20-50 g of **Topax 66** per 1 liter of water) / 1.74-4.35% v/v (17.4-43.5 mL of **Topax 66** per 1 liter of water). The use solution may also be applied with pressure spray equipment.
3. Allow foam to remain on the surface for 10 minutes; thoroughly rinse with warm water. Do not allow the foam to dry. If drying occurs refoam the surface.

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment.

For cautionary and first aid information, consult the Safety Data Sheet (SDS) or product label.

### STATEMENT OF ASSURANCE

This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP).

### SUSTAINABILITY POLICY

We have a commitment to our customers to provide effective programs that help protect the health and safety of their customer and employees. We will sell products or services that maximize performance, limit total environmental impact, and are safe as our customers commonly use them. We will inform our customers of the environmental impacts of our products or services, and of their correct use.
